

# DOULA COURSE 2022

Birth and postnatal doula training

*"If a doula were a drug, it would be unethical not to use it" - Dr J. Kennell*

It is well known in the birthing community that doulas are a unique and vital part of the birth team. Evidence clearly shows that having a doula increases a woman's chance of having a positive birth experience - making pregnancy, birth and the postpartum period easier for women and families.

Being a part of a woman's pregnancy, birth, and postpartum journey, as her chosen doula, is an incredibly rewarding, miraculous, and transformational experience. Join this course and reclaim the ancient knowledge of nurturing and celebrating women as they embark on their journeys of empowerment.
